

TOUCH YOUR HEART FINANCIAL

*Pillar of Health*

TREATMENT FINANCING | CO-INSURANCE | DEDUCTIBLES

## ABOUT "TOUCH YOUR HEART FINANCIAL"

Patient Financing Option Offered By The Center for Venous Disease

- ◇ Touch Your Heart Financial was launched to help benefit patients struggling with the high cost of healthcare. We understand the complexity of the insurance marketplace, increased cost associated with The Affordable Care Act (Obamacare), and the need for financing options related to procedure or treatment cost. TYHF is a simple, competitive, financing option that can help assist you with insurance out-of-pocket cost or cash pay procedures.
- ◇ TYHF requires a one page application, photo ID, 20% down payment for services rendered or insurance statement balance(s), and an active checking account with a debit card. We offer 12 months FREE interest on the balance, affordable payments, and flexible terms. Our office staff can review with you our cost, insurance benefits, and out-of-pocket cost. You can even finance your balance from your E.O.B. (Explanation of Benefits) from your insurance company. **There are NO credit checks. No hassles. No one is turned down.**
- ◇ Our primary goal is to meet your healthcare needs so that you don't delay treatment for a problem associated with Chronic Venous Disease or to help you pay for cosmetic or aesthetic treatments that you desire. TYHF was founded with you in mind.

For more information on our TYHF program, please meet with a staff member at one of our offices or call 623.234.2542 ext. 110.
